

# Energy Assistance Program

*If you have trouble paying your heating bills, turn to CRT for help*

This program helps people pay for heat. Low to moderate-income households get help paying utility or fuel bills. Home heating includes oil, natural gas, electricity, propane, kerosene, or wood. Even if heat is included in your rent, you may be able to get a one-time cash payment. You can also get help making your home more energy-efficient. Energy assistance programs help many Connecticut families every year.
